

# Immortal Technique Lyrics

## "Running Nowhere (Interlude)"

People are running, where are they go-ing  
People are running, where are they go-ing?  
People are running, where are they go-ing  
People are running, where are they go-ing?  
People are running, where are they go-ing  
People are running, where are they go-ing?  
People are running, where are they go-ing  
People are running, where are they go-ing?  
*[fades out slowly]*
